Camp Information and Requirements

For parents and guardians of boys joining the Boys to Men Mentorship Camp | November 2026

Welcome

Congratulations on choosing to prepare your son. It may feel like a simple decision today, but its effect will last. It will shape the man he becomes, the family he builds, the work he does and the way his own children are raised one day.

The Boys to Men Mentorship Camp is an initiative of Potential Unexplored Ltd. It is a residential camp for boys and young men aged 8 to 23. It covers what school and upbringing often leave out, from purpose and confidence to money, anger and leadership. This document tells you what to expect, what to pay and what your son must bring, so that he arrives ready.

Camp dates, venues and fees

Camp	Dates	Venue	Fee
Kampala (9th intake)	Sunday 13 to Saturday 19 December 2026	St. Elizabeth SSS Nkoowe, Wakiso-Hoima Road	UGX 500,000 or USD 150
Arua (10th intake)	Sunday 10 to Saturday 16 January 2027	St. Joseph's College Ombaci, Arua City	UGX 400,000 or USD 120
Summer Camp	7 to 16 July 2027	Kampala. Venue details are shared on registration.	USD 300

To reach St. Elizabeth SSS Nkoowe, travel along the Wakiso-Hoima Road. The school is about 100 metres past the West Lake Water Factory.

A **booking fee** secures your son's place. It is UGX 50,000 for Kampala and Arua, and USD 50 for the Summer Camp. It counts toward the total fee and is non-refundable. You may pay the balance in full or in instalments, but everything must be paid at least **7 days before the camp begins**. For the Kampala camp that is Sunday 6 December 2026, and for Arua it is Sunday 3 January 2027.

During the camp the boys make items such as cakes, soap, chapati, cookies and art, and sell them on Coronation Day. The money they earn is shared among them as start-up capital for their small business ideas. Parents are encouraged to top it up where they can.

How to book and pay

1. **Register your son** at boystomencamp.com/apply.html. Each boy receives his own code, which begins with BTM. Please keep it, because you will need it when you attach proof of payment.

2. **Pay into the Centenary Bank account** shown below. You may send from your bank, MTN Mobile Money or Airtel Money. The step by step guide is on the Payment Details page at boystomencamp.com/pay.html. Please write the boy's full name as the reference.
3. **Attach your proof of payment** at boystomencamp.com/attach-proof.html. Enter the transaction ID, or upload a screenshot or photo of your receipt, together with the date you paid and the name or code of each boy the payment covers.
4. **Wait for our call.** Eduardo or Patricia will call you to confirm his place. Everything is kept online, so please do not send proof of payment by WhatsApp or email.

Bank	Centenary Bank, Wakiso Branch
Account name	Potential Unexplored Limited
Account number	3100125782

Please do not send money to any phone number. Pay only into the bank account above. If you have already paid, or have already joined the Boys to Men WhatsApp group, please ignore those steps. On reporting day, bring proof of full payment, such as your bank or mobile money confirmation.

Who to call

Name and role	Contact	Call for
Eduardo Fortunato Atibuni, Managing Director, Boys to Men	+256 757 340 592	Payment confirmation and general questions
Kokora Patricia, Administration	+256 775 502 323	Payment confirmation and general questions
Banio Luiji Nobert, Founder of Potential Unexplored Ltd and Lead Mentor	+256 775 495 431	Questions about the programme

Your son is also free to call Eduardo or Patricia whenever he wants. Before the camp, the team calls each boy to prepare him. If you have not yet joined the Boys to Men WhatsApp group for parents, the invitation is in your confirmation email.

Age clusters

On arrival, each boy joins a cluster for his age, so what he learns fits where he is. There is nothing to choose in advance. Each cluster has its own facilitators, in addition to the lead facilitator of each session. The camp has a pool of more than 20 mentors, and each boy meets several of them.

The four clusters are **Young Explorers** (8 to 10), **Path Finders** (11 to 13), **Rising Men** (14 to 17) and **Young Men** (18 to 23).

The camp schedule

Day	Time	Activity
Sunday, arrival	2:00pm to 3:30pm	Arrival of all participants
	4:30pm to 9:00pm	Opening ceremony, first session, dinner and rest
Monday to Friday	6:00am	Morning reading, aerobics and self-care
	8:00am to 3:30pm	Training and coaching sessions
	3:30pm to 5:00pm	Practical skilling
Saturday, closing day	8:00am to 8:30am	Arrival of parents and family members
	8:30am to 12:30pm	Parenting session
	12:30pm to 1:00pm	Parent and son interaction and goal discussions
	1:00pm to 2:00pm	Lunch for everyone
	2:00pm to 4:30pm	Coronation ceremony and celebration with families

The Uganda Police Force is part of the camp. Officers of the Uganda Police facilitate the session on Law and Order, which is held during the training and coaching sessions on Monday to Friday.

The parenting session on the closing Saturday covers topics such as guarding boys against peer pressure, co-parenting after separation, raising a boy as a single parent, and helping boys balance school and business.

What your son must bring

Group	Items
Eating and serving	• 2 plates and 2 tea cups, either glass or ceramic but never plastic, with 2 spoons and 2 forks • A kitchen knife for peeling food • A water bottle
Study	• A notebook and pens • Five marker pens in different colours, including blue, red, black and green • Two new empty sacks (white, 100 kg) • A Bible or a Quran
Clothing and shoes	• Comfortable clothing and several pairs of underwear • Black trousers for Coronation Day • Black shoes and three pairs of socks • Sports shoes, and sandals or slippers • A warm sweater or jacket

Bedding	• A mosquito net • One blanket and two bedsheets • A pillow (optional)
Personal care	• A bathing bucket, a towel and a bathing sponge • Bathing soap and a soap dish • A toothbrush and toothpaste • A comb or brush, with hair kept short and tidy • Toilet paper (one roll) and two handkerchiefs
Health	• The Basic Medical Examination Form, completed, signed and stamped by a clinician • Any prescribed medication, clearly labelled

The plates, cups, spoons and forks are used by the boys, and by the boys to serve their guests on Coronation Day. They stay with our team after the camp, so boys who return, and boys who are new, will not need to bring them again.

A boy is admitted only when the key items are brought. If any major item is missing, the parent will be asked to complete it before he is admitted. No electronic gadgets of any kind are expected. The team cannot take responsibility for any that are lost or damaged.

The medical form

The Basic Medical Examination Form comes with this document. Fill in Section 1 yourself, including any foods your son does not eat. Then take him to a clinic or hospital, where a clinician completes the rest, including the malaria and typhoid tests, and signs and stamps the form. It replaces the medical report we used to ask for. Please bring the completed form on reporting day, and keep a copy at home.

The form is private. It is seen only by the camp leadership team and is used only to look after your son. You are also free to ask the clinician for other tests that you feel are needed.

Important notes for parents and guardians

The camp is not a rehabilitation or disciplinary programme. It is training, coaching and mentorship. We therefore advise parents to send boys who can take part without constant monitoring and without a risk of running away.

We cannot promise that your son will return home fully changed after the camp. Every boy grows at his own pace, and many people must play their part for change to last. If he faces deeper behaviour challenges, the camp may be only a starting point, and we may recommend further support afterwards.

The good news is that for many families the camp has been a turning point. Parents tell us about improvements in behaviour, confidence, school work, social skills, responsibility and the way their sons handle money. The work continues after the camp through the parents' WhatsApp group, the learning blog, and the four levels of the curriculum, which a boy can move through over about three to four years.

Withdrawal and refund policy

The booking fee (UGX 50,000, or USD 50 for the Summer Camp) is non-refundable at any time after payment. Beyond that, what is deducted depends on how close to the camp you withdraw. The rest of what you have paid is refunded. If you have paid less than the amount to be deducted, nothing is refunded.

If you withdraw your son completely	Kampala and Arua camps	Summer Camp
More than 2 weeks before the camp	UGX 50,000 deducted (the booking fee only)	USD 50 deducted (the booking fee only)
Less than 2 weeks before the camp, up to 2 days before it	UGX 150,000 deducted in total, booking fee included	USD 90 deducted in total, booking fee included
From the day before the camp, and once the camp has started	No refund	No refund

Camp	More than 2 weeks before means up to and including	No refund from
Kampala	Saturday 28 November 2026	Saturday 12 December 2026
Arua	Saturday 26 December 2026	Saturday 9 January 2027
Summer Camp	Tuesday 22 June 2027	Tuesday 6 July 2027

Moving to a future camp. If you ask to move your son's place to a future camp at least 7 days before his camp begins, only the booking fee is forfeited. The rest of what you paid carries over, and you pay any difference if the later camp costs more. All payments for the later camp must be complete at least 7 days before it begins. If you ask less than 7 days before his camp, the withdrawal table above applies.

Replacing your son with another boy. If you withdraw the boy who was registered, you may put another boy in his place, as long as the new boy fits within the camp's requirements. He must be aged 8 to 23, be registered on the website, and bring the completed medical form. Please tell us at least 7 days before the camp begins. What you have already paid moves to the new boy, and no deduction is made.

Sponsoring a boy

The Banio Foundation has sponsored some boys through the camp before. Would you like to contribute to this initiative, so that more boys who cannot afford the fee can have a chance, through a full scholarship or a half scholarship? To contribute, visit boystomencamp.com/support.html or speak to any member of the team.

Why your son needs the camp

What if your son became more focused, responsible, disciplined, ambitious and knowledgeable, ready to gladly and ably fulfil what manhood will ask of him?

What do you wish you had learnt when you were younger? What if he could learn those lessons earlier, starting now? Why? Because what we do not learn through mentoring, training, coaching and exposure, we learn through delayed experience, and often through very costly mistakes.

Imagine him knowing who he is, where he is going and the plan to get there. Thinking well, handling money, building the right networks and growing a business. Leading with confidence, speaking with clarity and courage, and collaborating with women. Mastering his anger, healing old emotional wounds and staying free from addiction and bad company. Understanding the law and his duties as a citizen. Standing with his brothers and serving his family, community, nation and Africa.

The Boys to Men Mentorship Camp is a residential programme that prepares boys and young men aged 8 to 23 for life now and in the years ahead. On arrival, each boy joins a cluster for his age, 8 to 10, 11 to 13, 14 to 17 or 18 to 23, so what he learns fits where he is.

Manhood is honourable. But when a young man lacks clarity about who he is, where he is going and what he wants, he struggles to see the honour and joy in it. Happy, well-grounded men take pride in their roles. We prepare boys to live with purpose, to provide for themselves and those in their care, to protect with physical, mental and moral strength, and to lead themselves and others at home and in society. We also help them to show love and values with emotional intelligence, and to build strong families in time.

Many boys grow up without a father at home, or with a father too tired or too busy to speak with them. They then look for guidance from peers, social media or the street. With so much attention rightly given to empowering girls, we must also ask who is preparing boys to stand beside them, with respect and responsibility. A young man with no control over his purpose, discipline, income and direction can end up lost, angry, insecure and dependent.

The camp is a bridge. Boys learn through games that carry a lesson, real situations they act out, stories, drawing the life they want, and questions they are free to ask. Guest facilitators add their own field, and officers of the Uganda Police Force lead the session on Law and Order. After the camp we follow their progress, track the projects they start, and invite those who grow most to advanced training, coaching and mentorship. An alumni network gives them brothers to stand with.

What we hope to see in him

1. He knows who he is, what he is good at and what he is for.
2. School gets his focus, because he can see how it connects to the life he wants.
3. He breaks free from habits and bad company that pull him down.
4. Old emotional wounds and limiting beliefs begin to heal.
5. A clear vision and a plan to reach it go home with him.
6. Money makes sense to him, and so does starting a small business.
7. His confidence grows, he speaks with clarity and courage, and he masters his anger.
8. He leads with respect, including toward girls and women.
9. He stands with other boys as brothers, and not as rivals.
10. His manhood is healthy and honourable, rooted in appreciation of family, community, nation and Africa.

Adulthood will not wait for him to be ready. Will you leave his preparation to chance, or join the parents choosing to prepare their sons today?

Your consent and your questions

The Child Safeguarding Policy comes with this document. It explains how we keep your son safe at the camp, and how to raise a concern. Please read it.

Please reply to the email that came with this document, or write to info@potentialunexplored.com, to say that you have read it and that you consent to what it asks of you and your son.

If you have any question, please speak to **Kokora Patricia** on +256 775 502 323 or **Eduardo Fortunato Atibuni** on +256 757 340 592.
